Move

- You can now designate a Department type to be classified as “Product” or “Other”.

Dept type ☐ Product Dept type ☒ Other

- This will provide Terminal Statistics and reports for retailers wishing to create separate net totals of their sales (see here).

Net Product Sales

Department	#	Amount
Alcohol	34	\$30.42
Calling cards	2	\$200.00
Snacks	1	\$9.75
Tobacco	14	\$141.90
Total:	51	\$382.07

Net Other Sales

Department	#	Amount
Lotto	1	\$100.00
Pinless Recharge	1	\$5.00
scratch off	1	\$250.00
Total:	3	\$355.00

- “Don’t Show On Register” - Departments can exist only for accounting and tax purposes yet be hidden on the register.

Don't show on register ☒ Yes

Pick-Pack

Allows you to associate related pack UPCs, for quick checkout options on sales of multiple packs **common in liquor store sales** where only one bottle in a case is scanned but the entire case is being sold. Setup is in **Pricebook** under **Quantity Choices** tab, as the item is added, or **Edit** function. Once single UPC item is selected, label desired packs and scan bar codes for these packs in **Pricebook**. Select **Add** to enter each choice. When done, click **OK** and single item will be associated by default.

Retailers can create packs for popular items to expedite the use of the multiplier. In that case, the price is calculated as ' $price \times quantity$ '.

Name	Quantity	UPC	edit	delete
Single	1			
Six pack	6	89924278917		
12 pk	12	89924278966		

When scanned at the register, the '**Pick-Pack**' size is chosen.

Item: Yuengling Traditional Lager Bottle

Choose Size

- 1 - Single
- 6 - 6 Pack
- 12 - 12 Pack

Five Digit Price

PLU items sold with barcode generating scales can now facilitate a 5-digit price.

Five digit price:

Yes

By toggling the setting to **Yes**, the register will be able to read all five digits and interpret the price correctly. *With the setting **No**, only four digits will be picked up from the barcode.*

Refund Cash-Drop / Vendor Payout

In case of an error, the cash drop or vendor payout can now be reversed. Simply click the **Refund** button first, and proceed with the cash drop or payout as normal. The **Payout** reversal will display as a collection.

Collecting \$200.00

Coupon Promotions

Promotions have been enhanced with the following capabilities:

- Promotions can now either be created as a **Pre-Tax** merchant discount on the price or **Post-Tax Coupon**, as a virtual coupon sponsored by a vendor. **NOTE: POST-TAX RELATES TO THE TOBACCO REBATE PROGRAM**

Tax ☒ Post-Tax Coupon ☐

Coupon

Maximum length 5 characters

Post-Tax Coupon allows a Coupon code (SEE **MPP** AS DISPLAYED IN IMAGE) to distinguish one promotion from another at the register

- Allow multiple promotions per item (**New Promotion Type**)

Promotions

Multiple promotions can be created with the same UPC.

NOTE: IF THE SAME UPC IS USED IN DIFFERENT PACK PROMOTIONS, DISCOUNTS WILL BE CUMULATIVE. WE DO NOT SUPPORT TIERED DISCOUNTS ON SAME UPC PROMOTIONS. THEY WILL ADD UP - ONE DOES NOT REPLACE THE OTHER.

Licensing Fees

Licensing payments are due on the first of each month. If your account is overdue, you will receive a series of notifications, beginning 30 days prior to expiration and subsequent shutoff. This may be due to a failed charge or ACH transfer. The **RENEW** button will cause an email to be sent to your email address on file, to allow you to edit your payment information. If no email address is associated with your POS, you will be taken to the **Tools > Store Configuration > Portal Account** tab to register a valid email account.

OOPS! Your payment is past due. Your license will expire and this POS will stop working in a month after which a reactivation fee of \$50 will apply. Please contact your sales rep. to provide updated billing info.

¡OJO! Su pago no ha sido recibido. Su licencia se vencera y su POS dejara de funcionar en un mes y esto creara un costo de \$50 por reactivación. Contacte a su vendedor para actualizar su información de pago.

Store Statistics tile has been renamed **Terminal Statistics**

Store Report tab is now called **Terminal Report**

The screenshot shows a web application interface for "Terminal Statistics". At the top, there's a header with a "Back to Home" link. Below the header, there are tabs for "Terminal Report" (which is highlighted with a red circle), "NR Report", and "CC Report". A "Print" button is also visible. The main content area is divided into several sections. On the left, there are summary cards for "Baskets" (15), "Items" (68), "Net Sales" (\$545.50), "Avg Items" (4.5), "Avg Sale" (\$36.36), and "Scan Ratio" (94.1%). Below these is a "Payments" table with columns for Method, Baskets, Baskets %, Payments, and Payments %. The table lists various payment methods like Cash, Check, CreditCard, etc., and their respective counts and percentages. To the right of the payments table is a "Net Product Sales" section with a table showing Department, #, and Amount. This section lists departments like Alcohol, Tobacco, Total, etc. Below the product sales is a "Net Other Sales" section with a table showing Department, #, and Amount. This section lists departments like Grocery, Fuel, etc. At the bottom, there is a "Payouts, Drops, Cash Backs And Collections" table with columns for Method, Baskets, Baskets %, Payments, and Payments %.

Method	Baskets	Baskets %	Payments	Payments %
Cash	15	100%	\$511.44	94%
Check	0	0%	\$0.00	0%
CreditCard	0	0%	\$0.00	0%
Gift	0	0%	\$0.00	0%
Gift Swap	0	0%	\$0.00	0%
Gift Card	0	0%	\$0.00	0%
Gift Club Home	0	0%	\$0.00	0%
Gift Card	5	33%	\$1.15	1%
Total	15	100%	\$512.59	100%

Department	#	Amount
Alcohol	20	\$60.00
Tobacco	14	\$101.50
Total	34	\$161.50

Department	#	Amount
Grocery	1	\$10.00
Fuel	1	\$10.00
Express Shipping	1	\$10.00
Service of	1	\$10.00
Total	4	\$30.00

Method	Baskets	Baskets %	Payments	Payments %
Gift Card	2	13%	\$0.00	0%
